2007-12-26 A gourmand's guide to the slim life shares the principles of French gastronomy, the art of enjoying all edibles in proportion, arguing that the secret of being

thin and happy lies in the ability to appreciate and balance pleasures. A gourmands guide to the slim life shares the principles of French gastronomy the art of enjoying all edibles in proportion arguing that the secret of being thin and happy lies in the ability to appreciate and balance pleasures

2003-06-17 Every woman has poignant food memories: the times she licked the bowl when her mother baked a cake, or helped her grandmother make blintzes, tortillas, or Southern fried chicken. And how about the times she and her girlfriends baked chocolate-chip cookies or, later, prepared elaborate dinners to impress potential husbands? One day when looking through an old desk she'd bought as a newlywed thirty years earlier, food writer and restaurant critic Sharon Boorstin discovered a notebook of recipes she'd collected from her mother, relatives, and girlfriends at the time. It inspired her to reconnect with the recipe givers -- some of whom she hadn't seen in years -- and to explore the power of cooking and food in establishing bonds among women. Let Us Eat Cake celebrates these connections. As a young girl, Boorstin helped her mother make tuna casseroles; on a

college trip to Europe, she and her girlfriends compared men and restaurants with equal zest; after she became a food writer, Boorstin bonded with women in the food world including Barbara Lazaroff (Mrs. Wolfgang) Puck, the Too Hot Tamales, and Julia Child. Today, after decades of enjoying food and cooking together, Boorstin and the women in her life have come to understand what truly makes for female friendships. With dozens of delicious recipes and vintage photos, this moving book will inspire readers to remember and cherish their own experiences with food, family, and friends. With dozens of delicious recipes and vintage photos this moving book will inspire readers to remember and cherish their own experiences with food family and friends

2011-09-29 In 1995, Adam Gopnik and his wife, and their infant son left the familiar comforts and hassles of New York for the urbane glamour of Paris. Charmed by the beauties of the city, Gopnik set out to experience for himself the spirit and romance that has so captivated American writers throughout the Twentieth century. In the grand tradition of Stein and Hemingway, Gopnik planned to walk the paths of the Tuilleries, to enjoy philosophical discussion in cafes in short, to lead the fabled life of an American in Paris. Of course, as readers of Gopnik's beloved 'Paris Journals' in the New Yorker know, there was also the matter of raising a child and carrying on with everyday, not so fabled life. Evenings with French

intellectuals precede middle-of-the night baby feedings; afternoons are filled with trips to the Musee d'Orsay and pinball games; weekday leftovers are eaten while three star chefs debate a 'culinary crisis'. With singular wit and insight, Gopnik manages to weave the magical with the mundane in a wholly delightful book. In 1995 Adam Gopnik and his wife and their infant son left the familiar comforts and hassles of New York for the urbane glamour of Paris

2002-02-17 Why do people resort to plastic surgery to look young? Why are stepchildren at greatest risk of fatal abuse? Why do we prefer gossip to algebra? Why must Dogon wives live alone in a dark hut for five days a month? Why are young children good at learning language but not sharing? Over the past decade, psychologists and behavioral ecologists have been finding answers to such seemingly unrelated questions by applying an evolutionary perspective to the study of human behavior and psychology. Human Evolutionary Psychology is a comprehensive, balanced, and readable introduction to this burgeoning field. It combines a sophisticated understanding of the basics of evolutionary theory with a solid grasp of empirical case studies. Covering not only such traditional subjects as kin selection and mate choice, this text also examines more complex understandings of marriage practices and

inheritance rules and the way in which individual action influences the structure of societies and aspects of cultural evolution. It critically assesses the value of evolutionary explanations to humans in both modern Western society and traditional preindustrial societies. And it fairly presents debates within the field, identifying areas of compatibility among sometimes competing approaches. Combining a broad scope with the more in-depth knowledge and sophisticated understanding needed to approach the primary literature, this text is the ideal introduction to the exciting and rapidly expanding study of human evolutionary psychology. As this book shows it is many things including the study of the causal powers and origins of human culture If this book has a single message it is long live pluralism

2016-04-08 For Decadent authors, Romanticism was a source of powerful imaginative revisionism, perversion, transition, and partial negation. But for all these strong Decadent reactions against the period, the cultural phenomenon of Decadence shared with Romanticism a mutual distrust of the philosophy of utilitarianism and the aesthetics of neo-Classicism. Reflecting on the interstices between Romantic and Decadent literature, Decadent Romanticism reassesses the diverse and creative reactions of Decadent authors to Romanticism between 1780 and 1914, while also remaining alert to the

prescience of the Romantic imagination to envisage its own distorted, darker, perverted, other self. Creative pairings include William Blake and his Decadent critics, the recurring figure of the sphinx in the work of Thomas De Quincey and Decadent writers, and Percy Shelley with both Mathilde Blind and Swinburne. Not surprisingly, John Keats's works are a particular focus, in essays that explore Keats's literary and visual legacies and his resonance for writers who considered him an icon of art for art's sake. Crucial to this critical reassessment are the shared obsessions of Romanticism and Decadence with subjectivity, isolation, addiction, fragmentation, representation, romance, and voyeurism, as well as a poetics of desire and anxieties over the purpose of aestheticism. Creative pairings include William Blake and his Decadent critics the recurring figure of the sphinx in the work of Thomas De Quincey and Decadent writers and Percy Shelley with both Mathilde Blind and Swinburne

2018-09-26 In this unique study of the process of filmmaking, director Edward Dmytryk blends abstract film theory and the practical realities of feature film production to provide an artful and elegant analysis of the conceptual foundations of filmmaking and film studies. Dmytryk explores the technical principles underlying the craft of filmmaking and how their use is effective in developing the viewer's involvement in the cinematic narrative. Originally published in

1988, this reissue of Dmytryk's classic book includes a new critical introduction by Joe McElhaney. In this unique study of the process of filmmaking director Edward Dmytryk blends abstract film theory and the practical realities of feature film production to provide an artful and elegant analysis of the conceptual foundations of

2023-10-09 An Old-Fashioned Girl tells the story of Polly Milton, a young girl from the countryside who goes to visit her wealthy and sophisticated friends in the city. The novel is structured in two parts, with the first part focusing on Polly's childhood visit and the second part on her experiences as a young woman. In the first part, Polly stays with the Shaw family, including Tom, Maud, and Fanny. She is initially seen as old-fashioned and unsophisticated compared to her more fashionable city friends. However, her kindness, honesty, and good-hearted nature soon win over the Shaw family, and she becomes a beloved member of their household. The novel explores the contrast between Polly's simple, virtuous upbringing and the more worldly values of her city friends. Polly's influence on the Shaws and her ability to maintain her integrity in the face of societal pressures serve as central themes. In the second part of the book, Polly returns to the city as a young woman, and the story follows her experiences as she navigates the challenges of adulthood, including romance, career aspirations, and the importance of staying true to oneself.

Polly's character development is a central focus as she matures and finds her place in the world. An Old-Fashioned Girl is known for its moral and ethical themes, as well as its portrayal of the importance of character and virtue. It contrasts the values of simplicity and authenticity with the superficiality of social conventions. The novel also explores themes of friendship, love, and the pursuit of happiness. Louisa May Alcott's An Old-Fashioned Girl is a charming and heartwarming coming-of-age story that continues to resonate with readers for its timeless lessons and the enduring appeal of its characters. An Old Fashioned Girl tells the story of Polly Milton a young girl from the countryside who goes to visit her wealthy and sophisticated friends in the city

2011-03-08 From the outside, Buddhism seems like a bundle of contradictions wrapped inside a paradox. It is a religion without a god, a belief system without rules, and a faith that encourages its adherents to question everything, including its own teachings. You could spend a lifetime studying Buddhist texts and following its observances and still feel like you've only just barely scratched the surface. Yet, over the past 2500 years, this lovely religion that preaches compassion, generosity, tolerance, selflessness and self-awareness has commanded the fervent devotion of hundreds of millions of people around the world who believe it to be the true path to enlightenment. If you're curious about

Buddhism but feel intimidated by all the exotic jargon and strange trappings, this book is for you. Written by two leading American Buddhist teachers and scholars, it offers you a uniquely friendly way to explore the fascinating history of Buddhism and discover: Who Buddha was and his significance in world history and spirituality How the practice of Buddhism can enrich your everyday life How Buddha's teachings combine to create a path to enlightenment Daily observances and meditation practices How to fulfill your highest potential through Buddhism In plain English, experts Jonathan Landaw and Stephan Bodian define the important terms, explain the key concepts and explore, in-depth a wide range of topics, including: Buddha's life and teachings and the evolution of the major Buddhist traditions How Buddhism works as a religion, philosophy of life and a practical approach to dealing with life's problems, all rolled into one The idea that the mind is the source of all happiness and suffering How the practices of wisdom and compassion can connect you with your inner spiritual resources Meditation and other core Buddhist practices and how they can affect your everyday life How to apply Buddhist teachings at each stage along the spiritual path Whether you're a searcher of truth, a student of religions, or just curious about what's got Richard Gere and all the rest of those celebrity Buddhists so excited, Buddhism For Dummies is your intro to Buddhism basics. How can the practice of Buddhism enrich your everyday life This

guide explains the important themes and traditions revealing how Buddha's teachings combine to create a path to enlightenment and spiritual awakening

1926

2008-09-01 This book will transform your world view. Dr. Masaru Emoto's first book, The Hidden Message in Water, told about his discovery that crystals formed in frozen water revealed changes when specific, concentrated thoughts were directed toward them. He also found that water from clear springs and water that has been exposed to loving words showed brilliant, complex and colourful snowflake patters. In contrast, polluted water, or water exposed to negative though formed incomplete, asymmetrical patterns with dull colors. Thee Healing Power of Water includes contributions from leading scientists such as William A. Tiller, who was featured in the film What the Bleep Do We Know!?!; and from spiritual teachers such as Doreen Virtue, Starhawk, William Bloom, and Sig Lonegren. This book will transform your world view
