Post-Capitalist Society Peter F. Drucker, 2013-10-22 Post Capitalist Society provides an analysis of the transformation of the world into a post capitalist society This transformation which will not be completed until 2010 or 2020 has already changed the political economic social and moral landscape of the world The book reviews and revises the social economic and political history of the Age of Capitalism and of the nation state It argues that the real and controlling resource and the absolutely decisive factor of production is neither capital nor land nor labor It is knowledge Instead of capitalists and proletarians the classes of the post capitalist society are knowledge workers and service workers This book covers a wide range of topics dealing with post capitalist society with post capitalist polity and with new challenges to knowledge itself The focus is on the developed countries on Europe on the United States and Canada on Japan and the newly developed countries on the mainland of Asia rather than on the developing countries of the Third World The areas of discussion Society Polity and Knowledge are arrayed in order of predictability      Personnel George T.
