1988-01-01 For use in intermediate and advanced courses of Italian for English-speaking students, this book reviews the basics of Italian grammar and explains in detail aspects of the morphology, syntax, and semantics of contemporary Italian. Rather than presenting the material within the single framework of a school of linguistics, the authors focus on different problems with a variety of approaches that they have found to be effective over the course of their teaching careers. The coverage of Italian morphology and syntax is

comprehensive and the various areas of grammar are presented systematically in 'blocks.' The book also offers innovative analyses of verb morphology, mood and tense system, as well as extensive word lists for the various grammatical categories. The language used in the explanations is simple; the material presented in an organic but unobtrusive way, aimed at offering instructors a guide for their lesson in class, and students a tool for their preparation and follow-up at home. verbo alla terza persona singolare ii Verbo con funzione transitiva In Italia la gente parla solo una lingua In Italia si parla solo una lingua In Canada la gente parla tante lingue In Canada si parlano tante lingue L Se il

2019-10-01 Interpretazioni is an intermediate- to advanced-level Italian textbook that aims to teach language through film, focusing on Italian movies from 2010 to 2017. Teaching language through cinema is a widespread and proven practice that engages all four main language skills (speaking, listening, reading, writing), and Interpretazioni utilizes the proven format and pedagogy of Pausini and Antonello Borra's previous book, Italian Through Film (Yale UP, 2003), which is regarded highly among teachers. Films featured in Interpretazioni span genres, address a wide range of

themes, and are set in various parts of Italy, encouraging students and teachers to more fully engage with the complexity of Italian cinema. As in Italian through Film, the activities based on the films are divided into three main categories (before, during, and after viewing the film) with a natural progression from warm-up questions to closed and controlled exercises to open-ended and creative tasks—both oral and written—including grammar practice, all within the context of each single film.
