*LinkedIn práctico y profesional* Soraya Paniagua Amador,2015-10-19 LinkedIn práctico y profesional es un tutorial práctico sobre la red social líder mundial en el ámbito profesional y de los recursos humanos. Este manual acompaña al usuario por todos los menús de navegación explicando paso a paso las diferentes funcionalidades y proponiendo numerosas actividades para realizar a medida que se avanza en el proceso de enseñanza-aprendizaje. Una vez completada la guía el usuario será competente para utilizar LinkedIn, en entorno web, de forma efectiva y eficiente tanto en el ámbito personal como profesional. Para conseguir los objetivos de aprendizaje es aconsejable seguir esta guía mientras se usa, a la vez, la herramienta LinkedIn. Tener un perfil en LinkedIn es, a día de hoy, imprescindible si aspiramos a un trabajo cualificado. Es el entorno preferido por los técnicos de selección de personal y head hunters, no en vano el 93% de los departamentos de recursos humanos usan LinkedIn para encontrar nuevos candidatos. Es, también, el lugar donde cimentar nuestra marca

personal, no solo por el perfil digital y la amplia red de contactos que podemos construir, sino también por la plataforma de publicación y los grupos de interés que podemos crear y a los que nos podemos unir. Para las empresas, aparte de su utilidad como herramienta de reclutamiento, LinkedIn es una potente plataforma de comunicación y marketing, así como un gran recurso para los departamentos de ventas ya que posibilita establecer contactos con potenciales clientes. Este sencillo y útil tutorial es un excelente material para nuevos usuarios pero, sobre todo, para aquellos que conocen el funcionamiento y sin embargo no están explotando todo su potencial. Más de 350 millones de personas están en LinkedIn. Y tú, si aún no estás, ¿a qué esperas? Las redes sociales se caracterizan por estar continuamente actualizándose (nuevos menús o funcionalidades). No pasa nada ya que lo importante es conocer el funcionamiento general, el concepto y la forma de sacar el máximo provecho. Cuando se domina el sistema las actualizaciones apenas tienen impacto en el aprendizaje, se entienden de manera natural.

**A Fair Globalization** World Commission on the Social Dimension of Globalization, International Labour Organisation, 2004 This report has been compiled by the World Commission on the Social Dimensions of Globalization, an independent body established by the International Labour Organization (ILO) in 2002, and whose membership includes international politicians and government advisers from developed and developing countries, academics and representatives of business and multinational corporations, trade unions and civil society organisations. The report explores the social dimensions of globalisation and the need to build a fair and inclusive global economic system, and argues that the dominant perspective on globalisation must shift from a narrow focus on markets to encompass a broader recognition of the needs of people in the communities in which they live. Issues highlighted and recommendations made in the report include: better governance and accountability at both national and international levels to foster productive and equitable markets; empowerment of local communities, including gender equality; sustainable development based on the interdependent pillars of economic, social and environmental development; fairer rules for international trade, investment and finance; measures to overcome inequality and raise capacity to meet the Millennium Development Goals (MDGs); and a stronger multilateral framework based on an effective United Nations.

In the Time of the Butterflies Julia Alvarez, 2010-01-12 Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, New York Times) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the *Butterflies*. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred *Butterflies* live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas.—Francisco Cantú, *The New York Times* Book Review This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering . . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time.” —St. Petersburg Times Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com

*Eva Luna* Isabel Allende, 2021-08-01 Traducere de Cornelia Rădulescu Prin dragoste, o femeie salvează de la moarte un indian otrăvit de veninul unui șarpe. Din această pasiune tămăduitoare se va naște Eva, botezată astfel ca să iubească viața.

Orfană de mică, Eva își croiește un drum presărat cu lacrimi, dar și cu miracolele pe care le pot face dragostea și bunătatea. Destinul ei și al tovarășilor ei de călătorie se întretes în tapiseria complicată și multicoloră a istoriei sud-americane, iar vocea Evei Luna deapănă, cu nostalgie și umor, povestea fascinantă a unei femei pe care viața a iubit-o.

**One Hundred Years of Solitude** Gabriel García Márquez, 2022-10-11 Netflix's series adaptation of One Hundred Years of Solitude premieres December 11, 2024! One of the twentieth century's enduring works, One Hundred Years of Solitude is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, One Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

**A User's Guide to the Brain** John J. Ratey, M.D., 2002-01-08 John Ratey, bestselling author and clinical professor of psychiatry at Harvard Medical School, lucidly explains the human brain's workings, and paves the way for a better understanding of how the brain affects who we are. Ratey provides insight into the basic structure and chemistry of the brain, and demonstrates how its systems shape our perceptions, emotions, and behavior. By giving us a greater understanding of how the brain responds to the guidance of its user, he provides us with knowledge that can enable us to improve our lives. In A User's Guide to the Brain, Ratey clearly and succinctly surveys what scientists now know about the brain and how we use it. He looks at the brain as a malleable organ capable of improvement and change, like any muscle, and examines the way specific motor functions might be applied to overcome neural disorders ranging from everyday shyness to autism. Drawing on examples from his practice and from everyday life, Ratey illustrates that the most important lesson we can learn about our brains is how to use them to their maximum potential.

**The Shadow of the Wind** Carlos Ruiz Zafon,2005-01-25 The New York Times bestseller “The Shadow of the Wind is ultimately a love letter to literature, intended for readers as passionate about storytelling as its young hero.” —Entertainment Weekly (Editor's Choice) “One gorgeous read.” —Stephen King Barcelona, 1945: A city slowly heals in the aftermath of the Spanish Civil War, and Daniel, an antiquarian book dealer’s son who mourns the loss of his mother, finds solace in a mysterious book entitled The Shadow of the Wind, by one Julián Carax. But when he sets out to find the author’s other works, he makes a shocking discovery: someone has been systematically destroying every copy of every book Carax has written. In fact, Daniel may have the last of Carax’s books in existence. Soon Daniel’s seemingly innocent quest opens a door into one of Barcelona’s darkest secrets--an epic story of murder, madness, and doomed love.

*Collapse* Jared Diamond,2013-03-21 From the author of Guns, Germs and Steel, Jared Diamond's Collapse: How Societies Choose to Fail or Survive is a visionary study of the mysterious downfall of past civilizations. Now in a revised edition with a new afterword, Jared Diamond's Collapse uncovers the secret behind why some societies flourish, while others founder - and what this means for our future. What happened to the people who made the forlorn long-abandoned statues of Easter Island? What happened to the architects of the crumbling Maya pyramids? Will we go the same way, our skyscrapers one day standing derelict and overgrown like the temples at Angkor Wat? Bringing together new evidence from a startling range of sources and piecing together the myriad influences, from climate to culture, that make societies self-destruct, Jared Diamond's Collapse also shows how - unlike our ancestors - we can benefit from our knowledge of the past and learn to be survivors. 'A grand sweep from a master storyteller of the human race' - Daily Mail 'Riveting, superb, terrifying' - Observer 'Gripping ... the book fulfils its huge ambition, and Diamond is the only man who could have written it' - Economist 'This book shines like all Diamond's work' - Sunday Times

Black Skin, White Masks Frantz Fanon,2017 Black Skin, White Masks is a classic, devastating account of the dehumanising effects of colonisation experienced by black subjects living in a white world. First published in English in 1967, this book provides an unsurpassed study of the psychology of racism using scientific analysis and poetic grace.Franz Fanon identifies a devastating pathology at the heart of Western culture, a denial of difference, that persists to this day. A major influence on civil rights, anti-colonial, and black consciousness movements around the world, his writings speak to all who continue the struggle for political and cultural liberation.With an introduction by Paul Gilroy, author of There Ain't No Black in the Union Jack.

Confessions of an Economic Hit Man John Perkins,2004-11-09 Perkins, a former chief economist at a Boston strategic-

consulting firm, confesses he was an economic hit man for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business.

Connecting the Dots Mauricio Mesquita Moreira,2018-05-29 What can be said of Latin America and the Caribbean's experiment with regional integration? Did it live up to the expectations? What does this experience say about the regional integration agenda moving forward? Do the tectonic changes undergone by the world economy in the last quarter of a century matter for policy design? This report offers answers to these pressing questions. It argues that while the new regionalism was in general effective to promote international trade, it failed to boost the region's competitiveness abroad. Fragmentation is seen as the original sin, and convergence the path to redemption. The policy recommendations offer different routes to convergence, from a cautious, cumulation of rules or origin approach to a non-stop sprint to a LAC-FTA. But they all come with a warning: in the current challenging trade environment, the benefits of caution might be too little, too late.
