*Un millón de seguidores* Brendan Kane,2021-10-13 ¿Cómo puedes causar un gran impacto en el mundo digital y sobresalir frente a todos los demás? Cada día se envían más de sesenta mil millones de mensajes online en plataformas digitales, y sólo una pequeñísima cantidad de ellos alcanza el éxito en la alocada carrera por obtener la atención de los consumidores. Esto significa que la pregunta para cualquiera que desee conseguir una exposición masiva de sus contenidos, negocio o marca transformadores, o conectar con público de todo el mundo, ya no es si se deberían emplear las redes sociales, sino cómo sacar provecho de las numerosas y distintas plataformas. En *Un millón de seguidores*, Kane te enseñará cómo obtener un seguimiento online auténtico, dedicado y variado partiendo de cero; generar unos contenidos personales, únicos y valiosos que impliquen a tu público principal; y crear una marca multimedia mediante plataformas como Facebook, Instagram, YouTube, Snapchat y LinkedIn. Incluye entrevistas en profundidad a celebridades, influencers y expertos en marketing como Chris Barton (Shazam), Ray Chan (9Gag) o Mike Jurkovic (creativo de los Black Eyed Peas).

*Community manager. La guía definitiva* María Lázaro Ávila,2019-04-11 Las redes sociales han cambiado radicalmente los modelos de comunicación, la forma en la que las personas se relacionan entre sí y con las empresas, y cómo las marcas interactúan con el consumidor. Lo quieran o no, todas las marcas (o casi todas) están presentes en las redes sociales: porque sus clientes hablan de ellas, o son susceptibles de hacerlo, con independencia de que la compañía cuente con perfil corporativo en la red. Pero no es suficiente «estar» en las redes sociales: «estar por estar» puede resultar incluso contraproducente. Este libro es una guía detallada para que aprendas a aprovechar todo el potencial de las redes sociales, sea cual sea el tamaño de tu empresa o el proyecto que desarrolles. Descubrirás cómo trazar una estrategia diferente a la competencia, cómo medir y optimizar resultados e integrar este ecosistema en el plan de marketing online. Los ejemplos prácticos te ayudarán a crear buen contenido, planificar campañas, enfrentarte a posibles crisis, analizar datos, monitorizar y dinamizar comunidades online. Nos encontramos en un entorno en continua transformación en el que periódicamente surgen nuevas redes sociales y herramientas, y cambian los patrones de conducta de los usuarios. En tus manos está saber gestionarlo.

**The Wisdom of Teams** Jon R. Katzenbach, Douglas K. Smith, 2015-09-22 The definitive classic on high-performance teams The Wisdom of Teams is the definitive work on how to create high-performance teams in any organization. Having sold nearly a half million copies and been translated into more than fifteen languages, the authors' clarion call that teams should be the basic unit of organization for most businesses has permanently shaped the way companies reach the highest levels of performance. Using engaging case studies and testimonials from both successful and failed teams—ranging from Fortune 500 companies to the U.S. Army to high school sports—the authors explain the dynamics of teams both in great detail and with a broad view. Their conclusions and prescriptions span the familiar to the counterintuitive: • Commitment to performance goals and common purpose is more important to team success than team building. • Opportunities for teams exist in all parts of the organization. • Real teams are the most successful spearheads of change at all levels. • Working in teams naturally integrates performance and learning. • Team “endings” can be as important to manage as team “beginnings.” Wisdom lies in recognizing a team's unique potential to deliver results and in understanding its many benefits—development of individual members, team accomplishments, and stronger companywide performance. Katzenbach and Smith's comprehensive classic is the essential guide to unlocking the potential of teams in your organization.

*The Referral Engine* John Jantsch, 2010-05-13 The small business guru behind Duct Tape Marketing shares his most valuable lesson: how to get your customers to do your best marketing for you. The power of glitzy advertising and elaborate marketing campaigns is on the wane; word-of-mouth referrals are what drive business today. People trust the recommendation of a friend, family member, colleague, or even stranger with similar tastes over anything thrust at them by a faceless company. Most business owners believe that whether customers refer them is entirely out of their hands. But science shows that people can't help recommending products and services to their friends-it's an instinct wired deep in the brain. And smart businesses can tap into that hardwired desire. Marketing expert John Jantsch offers practical techniques for harnessing the power of referrals to ensure a steady flow of new customers. Keep those customers happy, and they will refer your business to even more customers. Some of Jantsch's strategies include:

- Talk with your customers, not at them. Thanks to social networking sites, companies of any size have the opportunity to engage with their customers on their home turf as never before-but the key is listening.
- The sales team is the most important part of your marketing team. Salespeople are the company's main link to customers, who are the main source of referrals. Getting them on board with your referral strategy is critical.
- Educate your customers. Referrals are only helpful if they're given to the right people. Educate your customers about whom they should be talking to. The secret to generating referrals lies in understanding the Customer Referral Cycle-the way customers refer others to your company who, in turn, generate even more referrals. Businesses can ensure a healthy referral cycle by moving customers and prospects along the path of Know, Like, Trust, Try, Buy, Repeat, and Refer. If everyone in an organization keeps this sequence in mind, Jantsch argues, your business will generate referrals like a well-oiled machine. This practical, smart, and original guide is essential reading for any company looking to grow without a fat marketing budget.

**Work Rules!** Laszlo Bock, 2015-04-07 From the visionary head of Google's innovative People Operations comes a

groundbreaking inquiry into the philosophy of work -- and a blueprint for attracting the most spectacular talent to your business and ensuring that they succeed. We spend more time working than doing anything else in life. It's not right that the experience of work should be so demotivating and dehumanizing. So says Laszlo Bock, former head of People Operations at the company that transformed how the world interacts with knowledge. This insight is the heart of *Work Rules!*, a compelling and surprisingly playful manifesto that offers lessons including: Take away managers' power over employees Learn from your best employees-and your worst Hire only people who are smarter than you are, no matter how long it takes to find them Pay unfairly (it's more fair!) Don't trust your gut: Use data to predict and shape the future Default to open-be transparent and welcome feedback If you're comfortable with the amount of freedom you've given your employees, you haven't gone far enough. Drawing on the latest research in behavioral economics and a profound grasp of human psychology, *Work Rules!* also provides teaching examples from a range of industries-including lauded companies that happen to be hideous places to work and little-known companies that achieve spectacular results by valuing and listening to their employees. Bock takes us inside one of history's most explosively successful businesses to reveal why Google is consistently rated one of the best places to work in the world, distilling 15 years of intensive worker R&D into principles that are easy to put into action, whether you're a team of one or a team of thousands. *Work Rules!* shows how to strike a balance between creativity and structure, leading to success you can measure in quality of life as well as market share. Read it to build a better company from within rather than from above; read it to reawaken your joy in what you do.
