The Federal Response to Hurricane Katrina ,2006 The objective of this report is to identify and establish a roadmap on how to do that, and lay the groundwork for transforming how this Nation- from every level of government to the private sector to individual citizens and communities - pursues a real and lasting vision of preparedness. To get there will require significant change to the status quo, to include adjustments to policy, structure, and mindset--P. 2.

El arte del buen vestir Miguel Ángel Poveda,Miguel Angel Poveda Criado,Carmen Thous,Rocío Olmo,2012-12-17 Queramos o no, la moda nos afecta; es un hecho indiscutible que nos rodea y esta patente en nuestras vidas. Por ello, vestir correctamente se ha convertido en algo vital. Qué aspectos hay que tener en cuenta a la hora de escoger un traje, en qué basarse al combinar una corbata, cómo sacarle el mejor partido a un atuendo informal, conocer la diferencia entre un chaqué y un esmoquin o la equivalencia de la etiqueta civil con la militar, son algunas pinceladas del contenido de este libro. Una práctica guía para todo aquel que tenga dudas o simplemente quiera conocer más acerca de la moda masculina y el buen vestir.

The Resilient City Lawrence J. Vale,Thomas J. Campanella,2005-01-20 In 1871, the city of Chicago was almost entirely destroyed by what became known as The Great Fire. Thirty-five years later, San Francisco lay in smoldering ruins after the catastrophic earthquake of 1906. Or consider the case of the Jerusalem, the greatest site of physical destruction and renewal in history, which, over three millennia, has suffered wars, earthquakes, fires, twenty sieges, eighteen reconstructions, and at least eleven transitions from one religious faith to another. Yet this ancient city has regenerated itself time and again, and still endures. Throughout history, cities have been sacked, burned, torched, bombed, flooded, besieged, and leveled. And yet they almost always rise from the ashes to rebuild. Viewing a wide array of urban disasters in global historical perspective, The Resilient City traces the aftermath of such cataclysms as: --the British invasion of Washington in 1814 --the devastation wrought on Berlin, Warsaw, and Tokyo during World War II --the late-20th century earthquakes that shattered Mexico City and the Chinese city of Tangshan --Los Angeles after the 1992 riots --the Oklahoma City bombing --the destruction of the World Trade Center Revealing how traumatized city-dwellers consistently develop narratives of resilience and how the pragmatic process of urban recovery is always fueled by highly symbolic actions, The Resilient City offers a deeply informative and unsentimental tribute to the dogged persistence of the city, and indeed of the human spirit.

Fear and Crime in Latin America Lucía Dammert,2012 The feeling of insecurity is a little known phenomenon that has been only partially explored by social sciences. However, it has a deep social, cultural and economic impact and may even contribute to define the very structures of the state. In Latin America, fear of crime has become an important stumbling block in the region's process of democratization. Lucía Dammert proposes a unique theoretical perspective which includes a sociological, criminological and political analysis to understand fear of crime.

Aided Derbforgaill "The Violent Death of Derbforgaill" : A Critical Edition with Introduction, Translation and Textual Notes Kicki Ingridsson,2009 This dissertation contains a critical edition of the early Irish tale Aided Derbforgaill the violent death of Derbforgaill. It includes an introduction discussing the main thematic components of the tale as well as intertextuality, transmission and manuscript relationship. The edition is accompanied by transcripts from the three manuscript copies of the tale and textual notes. Aided Derbforgaill is an Ulster Cycle tale and belongs to a category of tales describing the death of prominent heroes, rarely heroines, in early Irish literature. Arriving in the shape of a bird to mate with the greatest of all heroes, Cú Chulainn, Derbforgaill is refused by Cú Chulainn on account of him having sucked her blood. Forced to enter a urination competition between women, and upon winning this, Derbforgaill is mutilated by the other competitors. The tale ends with two poems lamenting the death of Derbforgaill. This very short tale is complex, not only in its subject matter, but in the elliptical language of the poetry. Thematically the tale is a combination of very common motifs found elsewhere in early Irish literature, such as the Otherworld, metamorphosis and the love of someone unseen, and some rare motifs that are almost unique to this tale, such as blood sucking and the urination competition. The text also have clear sexual overtones.

The Rights of Non-citizens United Nations. Office of the High Commissioner for Human Rights,2006 International human rights law is founded on the premise that all persons, by virtue of their essential humanity, should enjoy all human rights. Exceptional distinctions, for example between citizens and non-citizens, can be made only if they serve a legitimate State objective and are proportional to the achievement of the objective. Non-citizens can include: migrants, refugees and asylum seekers, victims of trafficking, foreign students, temporary visitors and stateless people. This publication looks at the diverse sources of international law and emerging international standards protecting the rights of non-citizens, including international conventions and reports by UN and treaty bodies

Fundamentals of mold growth in indoor environments and strategies for healthy living Olaf C.G. Adan,Robert A. Samson,2011-09-18 Today, indoor mold and moisture, and their associated health effects, are a society-wide problem. The economic consequences of indoor mold and moisture are enormous. Their global dimension has been emphasized in several recent international publications, stressing that the most important means for avoiding adverse health effects is the prevention (or minimization) of persistent dampness and microbial growth on interior surfaces and in building structures.

This book aims to describe the fundamentals of indoor mold growth as a prerequisite to tackle mold growth in the existing building stock as well as in future energy efficient buildings. It brings together different disciplinary points of view on indoor mold, ranging from physics and material science to microbiology and health sciences. The contents have been outlined according to three main issues: Fundamentals, particularly addressing the crucial roles of water and materials, Health, including a state-of-the-art description of the health-related effects of indoor molds, and Strategies, integrating remediation, prevention and policies.
