2015-12-06 Basil of Caesarea, also called Saint Basil the Great, (330 -379) was the bishop of Caesarea Mazaca in Cappadocia, Asia Minor (modern-day Kayseri, Turkey). St. Basil was born into the wealthy family of Basil the Elder, a famous rhetor, and Emmelia of Caesarea. His parents were known for their piety, and his maternal grandfather was a Christian martyr, executed in the years prior to Constantine I's conversion. The principal theological writings of Basil are his De Spiritu Sancto (On the Holy Spirit), a lucid

and edifying appeal to Scripture and early Christian tradition (to prove the divinity of the Holy Spirit), and his Refutation of the Apology of the Impious Eunomius, written in 363 or 364, three books against Eunomius of Cyzicus, the chief exponent of Anomoian Arianism. The first three books of the Refutation are his work; the fourth and fifth books that are usually included do not belong to Basil, or to Apollinaris of Laodicea, but probably to Didymus the Blind of Alexandria. 1999-02-11 Dazzled by the sight of the vast treasure of gold and silver being unloaded at Seville's docks in 1537, a teenaged Pedro de Cieza de León vowed to join the Spanish effort in the New World, become an explorer, and write what would become the earliest historical account of the conquest of Peru. Available for the first time in English, this history of Peru is based largely on interviews with Cieza's conquistador compatriotes, as well as with Indian informants knowledgeable of the

1990 This is the first complete biography of one of the most brilliant fifteenth-century monarchs, Alfonso V of Aragon. Ryder traces Alfonso's life from his childhood in the chivalric world of Castile to the newly-acquired states of Aragon and his subsequent accession to the Aragonese throne. In addition to being a shrewd politician, Alfonso is revealed to have been an accomplished diplomat, acutely aware of the power of commerce, and one of the greatest patrons of the early Renaissance. He brought humanism to life in Southern Italy and made his court the most brilliant in Europe. Offering not only an insightful look at Alfonso's life but a vivid portrait of political and cultural life during his reign, this volume will hold special appeal for scholars and

1997-07-24 This book is a study of the various claims to authority made by the ancient Greek and Roman historians throughout their histories and is the first to examine all aspects of the historian's self-presentation. It shows how each historian claimed veracity by imitating, modifying, and manipulating the traditions established by his predecessors. Beginning with a discussion of the tension between individuality and imitation, it then categorises and analyses the recurring style used to establish the historian's authority: how he came to write history; the qualifications he brought to the task; the inquiries and efforts he made in his research; and his claims to possess a reliable character. By detailing how each historian used the tradition to claim and maintain his own authority, the book contributes to a better understanding of the complex nature of ancient historiography. Part love-letter, part elegy, Hashem Beck's debut collection keeps the city from becoming 'a shadow of a memory, / the memory of a shadow' for poet and reader both, offering us instead 'labyrinths / in which we get lost on purpose.' 2012-06-25 Since publication over ten years ago, *The Translator's Invisibility* has provoked debate and controversy within the field of translation and become a classic text. Providing a fascinating account of the history of translation from the seventeenth century to the present day, Venuti shows how fluency prevailed over other translation strategies to shape the canon of foreign literatures in English and investigates the cultural consequences of the receptor values which were simultaneously inscribed and masked in foreign texts during this period. The author locates alternative translation theories and practices in British, American and European cultures which aim to communicate linguistic and cultural differences instead of removing them. In this second edition of his work, Venuti: clarifies and further develops key terms and arguments responds to critical commentary on his argument incorporates new case studies that include: an eighteenth

century translation of a French novel by a working class woman; Richard Burton's controversial translation of the Arabian Nights; modernist poetry translation; translations of Dostoevsky by the bestselling translators Richard Pevear and Larissa Volokhonsky; and translated crime fiction updates data on the current state of translation, including publishing statistics and translators' rates. *The Translator's Invisibility* will be essential reading for students of translation studies at all levels. Lawrence Venuti is Professor of English at Temple University, Philadelphia. He is a translation theorist and historian as well as a translator and his recent publications include: *The Scandals of Translation: Towards an Ethics of Difference* and *The Translation Studies Reader*, both published by Routledge. 1993-04-30 This Pulitzer Prize-winning collection pairs twelve new poems with work from seven previous volumes by "one of the most extraordinary poets writing today" (Kenyon Review). The poetry of Yusef Komunyakaa traverses psychological and physical landscapes, mining personal memory to understand the historical and social contexts that shape experience. *Neon Vernacular* charts the development of his

characteristic themes and concerns by gathering work from seven of his previous collections, along with a dozen new poems that continue the autobiographical trajectory of his previous collection, *Magic City*. Here, Komunyakaa shares an intimate and evocative life journey, from his childhood in Bogalusa, Louisiana—once a center of Klan activity and later a focus of Civil Rights efforts—to his stormy relationship with his father, his high school football days, and his experience of the Vietnam War and his difficult return home. 2024-01-16 Dr. Faustus is a great Elizabethan tragedy by Christopher Marlow originally published in 1600. The story is based on an earlier anonymous classic German legend involving worldly ambition, black magic and surrender to the devil. It remains one of the most famous plays of the English Renaissance. Dr. John Faustus, a brilliant, well-respected German doctor grows dissatisfied with the limits of human knowledge - logic, medicine, law, and religion, and decides that he has learned all that can be learned by conventional means. What is left for him, he thinks, but magic. His friends instruct him in the black arts, and he begins his new career as a magician by

summoning up Mephistophilis, a devil. Despite Mephistophilis's warnings about the horrors of hell, Faustus tells the devil to return to his master, Lucifer, with an offer of Faustus's soul in exchange for twenty-four years of service from Mephistophilis. On the final night before the expiration of the twenty-four years, Faustus is overcome by fear and remorse. He begs for mercy, but it is too late. At midnight, a host of devils appears and carries his soul off to hell. Marlowe's dramatic interpretation of the Faust legend is a theatrical masterpiece. With immense poetic skill, and psychological insight that greatly influenced the works of William Shakespeare and other dramatists, *Dr. Faustus* combines soaring poetry, psychological depth, and grand stage spectacle. Marlowe created powerful scenes that invest the work with tragic dignity, among them the doomed man's calling upon Christ to save him and his ultimate rejection of salvation for the embrace of Helen of Troy. *Dr. Faustus* is a great Elizabethan tragedy by Christopher Marlow originally published in 1600. The story is based on an earlier anonymous classic German legend involving worldly ambition, black magic and surrender to the devil.
