1997-06 As the 1994 World Cup Finals in the United States clearly demonstrated, football is the quintessential global game. One of the world's most popular arenas for the expression of conflict and emotion, it is virtually unparalleled as a site for cultural analysis. Players, officials, supporters and commentators all have key roles in a social drama incorporating the deeply symbolic and ritualistic. A powerful vehicle for ideals of masculinity, football also offers penetrating insights into the iconography of the body; manifestations of rivalry and conflict; discourses of knowledge; expressions of communitas and geo-social belonging; the celebration and denigration of the Other; and the inversion of power hierarchies through

carnival. In bringing these themes together, this accessible and absorbing book by leading scholars of sport and leisure reveals football's differing meanings across cultures. It will be of interest to students and scholars in cultural studies, anthropology, sports sciences and, more simply, to anyone with a passion for this global game. As the 1994 World Cup Finals in the United States clearly demonstrated football is the quintessential global game

2012 The purpose of this book is to examine the historical relationship between films and Basque nationalism from a twofold perspective: the use of cinematic productions by Basque nationalism as a means of inculcating national identity and ideology, and the depiction of Basque nationalism--and especially of ETA terrorism--in films The purpose of this book is to examine the historical relationship between films and Basque nationalism from a twofold perspective the use of cinematic productions by Basque nationalism as a means of inculcating national identity and

2010-08-10 Garry Kasparov was the highest-rated chess player in the world for over twenty years and is widely considered the greatest player that ever lived. In How Life Imitates Chess Kasparov distills the lessons he learned over a lifetime as a Grandmaster to offer a primer on successful decision-making: how to evaluate opportunities, anticipate the future, devise winning strategies. He relates in a lively, original way all the fundamentals, from the nuts and bolts of strategy, evaluation, and preparation to the subtler, more human arts of developing a personal style and using memory, intuition, imagination and even

fantasy. Kasparov takes us through the great matches of his career, including legendary duels against both man (Grandmaster Anatoly Karpov) and machine (IBM chess supercomputer Deep Blue), enhancing the lessons of his many experiences with examples from politics, literature, sports and military history. With candor, wisdom, and humor, Kasparov recounts his victories and his blunders, both from his years as a world-class competitor as well as his new life as a political leader in Russia. An inspiring book that combines unique strategic insight with personal memoir, How Life Imitates Chess is a glimpse inside the mind of one of today's greatest and most innovative thinkers. In How Life Imitates Chess Kasparov distills the lessons he learned over a lifetime as a Grandmaster to offer a primer on successful decision making how to evaluate opportunities anticipate the future devise winning strategies

2015-09-14 The real story behind the Tavistock Institute and its network, from an intriguing best-selling author The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of

modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them. But this book posits that it is the worlds center for mass brainwashing and social engineering activities

2014-04-01 The indispensable account of the Ottoman Empire's Siege of Malta from the author of Hannibal and Gibraltar. In the first half of the sixteenth century, the Ottoman Empire was thought to be invincible. Suleiman the Magnificent, the Ottoman sultan, had expanded his empire from western Asia to southeastern Europe and North Africa. To secure control of the Mediterranean between these territories and launch an offensive into western Europe, Suleiman needed the small but strategically crucial island of Malta. But Suleiman's attempt to take the island from the Holy Roman Empire's Knights of St. John would emerge as one of the most famous and brutal military defeats in history. Forty-two years earlier, Suleiman had been victorious against the Knights of St. John when he drove them out of their island fortress at Rhodes.

Believing he would repeat this victory, the sultan sent an armada to Malta. When they captured Fort St. Elmo, the Ottoman forces ruthlessly took no prisoners. The Roman grand master La Vallette responded by having his Ottoman captives beheaded. Then the battle for Malta began in earnest: no quarter asked, none given. Ernle Bradford's compelling and thoroughly researched account of the Great Siege of Malta recalls not just an epic battle, but a clash of civilizations unlike anything since the time of Alexander the Great. It is "a superior, readable treatment of an important but little-discussed epic from the Renaissance past . . . An astonishing tale" (Kirkus Reviews). Ernle Bradford's compelling and thoroughly researched account of the Great Siege of Malta recalls not just an epic battle but a clash of civilizations unlike anything since the time of Alexander the Great

2012-06-12 The Basques played a remarkably influential role in the creation and maintenance of Spain's colonial establishment in the Philippines. Their skills as shipbuilders and businessmen, their evangelical zeal, and their ethnic cohesion and work-oriented culture made them successful as explorers, colonial administrators, missionaries, merchants, and settlers. They continued to play prominent roles in the governance and economy of the archipelago until the end of Spanish sovereignty, and their descendants still contribute in significant ways to the culture

and economy of the contemporary Philippines. This book offers important new information about a little-known aspect of Philippine history and the influence of Basque immigration in the Spanish Empire, and it fills an important void in the literature of the Basque diaspora. This book offers important new information about a little known aspect of Philippine history and the influence of Basque immigration in the Spanish Empire and it fills an important void in the literature of the Basque diaspora
