month before Sartre's death, *Le Nouvel Observateur* published a series of interviews, the last ever given, between the blind and debilitated philosopher and his young assistant, Benny Levy. Readers were scandalized and denounced the interviews as distorted, inauthentic, even fraudulent. They seemed to portray a Sartre who had abandoned his leftist convictions and rejected his most intimate friends, including Simone de Beauvoir. This man had cast aside his own fundamental beliefs in the primacy of individual consciousness, the inevitability of violence, and Marxism, embracing instead a messianic Judaism. No, Sartre's supporters argued, it was his interlocutor, the ex-radical, the orthodox, ultra-right-wing activist who had twisted the words and thought of an ailing Sartre to his own ends. Or had he? Shortly before his death, Sartre confirmed the authenticity of the interviews and their puzzling content. Over the past fifteen years, it has become the task of Sartre scholars to unravel and understand them. Presented in this fresh, meticulous translation, the interviews are framed by two provocative essays from Benny Levy himself, accompanied by a comprehensive introduction from noted Sartre authority Ronald Aronson. Placing the interviews in proper biographical and philosophical perspective, Aronson demonstrates that the thought of both Sartre and Levy reveals multiple intentions that taken together nevertheless confirm and add to Sartre's overall philosophy.
