2005 What made Chekhov tick? What served as a source of creative inspiration in

his life? In answering these questions, Russian scholar Rosamund Bartlett focuses on the writer's intimate relationship with the places where he lived and traveled--Taganrog and the southern Russian steppes, Moscow, Petersburg, Siberia, the French Riviera, and Yalta. By looking at his life through the prism of these landscapes, it is possible to gain a far greater insight into one of the most enigmatic writers who ever lived. Chekhov: Scenes from a Liferestores the humor and warmth to a man too often seen as merely melancholic, and reminds us why many consider him to be the greatest short-story writer of all time. Chekhov Scenes from a Liferestores the humor and warmth to a man too often seen as merely melancholic and reminds us why many consider him to be the greatest short story writer of all time

1990 A study of TEFL vocabulary contains an evaluation of the vocabulary encountered in 56 textbooks of English for Swedish secondary schools. The 56 textbooks together make up an electronically stored corpus of 1,437,474 words, which was

evaluated from three points of view. were compared with the corresponding frequency band in an 18 million word corpus compiled at the University of Birmingham in the course of the work on the COBUILD dictionary. This comparison reveals clear differences between the two corpora, with the textbooks containing a much higher proportion of concrete everyday words than the COBUILD texts and a lack of many of the common abstract words need for an understanding of the language of the news media. of certain of the linguistic criteria for text typology suggested by D.Biber. With the help of these criteria, it was possible to show that the textbooks tend to be interactive and to have situated content and reported style, while the COBUILD texts seem to be edited, to have abstract content and more immediate style. in terms of the linguistic differences between British and American English. It was found that the linguistic orientation of both corpora is overwhelmingly British. described above, among them a list of the 9330 textbook lemmas with a fequency of 5 or more. Each lemma appears with its frequencies from the textbook and the COBUILD corpora and a difference coefficient indicating its relative frequency in the two corpora. The 56 textbooks together make up an electronically stored corpus of 1 437 474 words which was evaluated from three points of view were compared with the corresponding frequency band in an 18 million word corpus compiled at the University

2004 Book Description: Management: The New Competitive Landscape, by Bateman and Snell, has consistently discussed and explained the traditional, functional approach to management-through planning, organizing, leading, and controlling. But the 6th edition goes a step further, in defining and highlighting with icons, four bottom line practices that managers and companies must deliver to their customers: Innovation, Speed, Quality,

and Cost. Bateman and Snell's: Management: The New Competitive Landscape, 6th edition has always been about a series of firsts: first to have a chapter on diversity, first to devote a section to the environment, and first to relate a bricks and clicks theme to explain the challenges of managing in a New Economy. This new edition is no exception with the expansion of such timely topics as ethics and technology. Management: The New Competitive Reality, 6th edition shows how managers must utilize the classic principles of management in combination with the practices of the New Economy to achieve managerial goals. By reinforcing these new business practices in context with the functional approaches, the authors deliver a unique theme amongst all principles of management texts-how to manage in ways that deliver results. This new edition is no exception with the expansion of such timely topics as ethics and technology

2009 Professor Schotter believes the future of microeconomics will be heavily connected with the use of experimental tools. And with the exciting new MICROECONOMICS: A MODERN APPROACH, International Edition your students will be well prepared. Applying intermediate economics to everyday life, this innovative first edition is built on an experimental economics framework that emphasizes game theory, strategic analysis, and organization of the firm. Each chapter and section builds

on a unifying theme of how economic institutions develop to solve problems that arise in a society. Concepts are presented within the context of a society that starts out in a primitive state of nature and gradually develops the characteristics and institutions of a modern economy. The text also nurtures critical-thinking skills by presenting theories as well as their deficiencies. Illustrating various points of view, MICROECONOMICS: A MODERN APPROACH, International Edition encourages students not to just study theory, but to apply their knowledge to real-world issues. Applying intermediate economics to everyday life this innovative first edition is built on an experimental economics framework that emphasizes game theory strategic analysis and organization of the firm

1990 Based on the premise that a systematic approach to vocabulary development results in better learning, this new research-based text takes an intensive look at the underlying principles of vocabulary acquisition including the most effective teaching and learning techniques currently available. The author draws heavily

on the vast research, experimentation, and classroom experience of teachers and researchers over the last 100 years and provides relevant applications to the listening, speaking, reading, and writing skill areas. Based on the premise that a systematic approach to vocabulary development results in better learning this new research based text takes an intensive look at the underlying principles of vocabulary acquisition including the most effective

2014-06-06 The material in this book reviews work dating back to the vocabulary control movement in the 1930s and also refers to more recent work on the role of lexis in language learning. Two chapters describe the main foundations of lexical semantics and relevant research and pedagogical studies in vocabulary and lexicography; and a further chapter discusses recent advances in the field of lexis and discourse analysis. There is also a series of specially commissioned articles which investigate the structure and functions of the modern English lexicon in relation to its exploitation for classroom vocabulary teaching. The material in this book reviews work dating back to the vocabulary control movement in the 1930s and also refers to more recent work on the role of lexis in language learning

1967

1991-01-16 Covers properties of subsurface materials, types of foundations and methods of construction, selection of foundation type and basis for design, and design of foundations and earth-retaining structures. 2010-09-01 Taking young readers on a journey back in time, this dynamic series showcases various aspects of colonial life, from people and clothing to homes and food. Each book contains creative illustrations, interesting facts, highlighted vocabulary words, end-of-book challenges, and sidebars that help children understand the differences between modern and colonial life and inspire them to imagine what it would have been like to grow up in colonial America. The volumes in this series focus on the colonists but also include relevant information about Native Americans, offering a variety of perspectives on life in the colonies. Looking at the clothing that men and women wore in colonial times, this book examines how fabrics were made and discusses the work of various professions related to clothing, including tailors, cobblers, tanners, milliners, and wigmakers. The volumes in this series focus on the colonists but also include relevant information about Native Americans

offering a variety of perspectives on life in the colonies

1991 An American born in Paris at the turn of the last century, Green accompanies the reader on an imaginative stroll around the French capital, revealing its secret stairways, courtyards and alleys. From haunted visions of Notre-Dame to memories of the old Trocadero, Green describes these strange and often little-known locations in loving detail. Book jacket. An American born in Paris at the turn of the last century Green accompanies the reader on an imaginative stroll around the French capital revealing its secret stairways courtyards and alleys

2003-08-05 A story of honesty and humor for anyone who has ever lived and loved from New York Times bestselling author LaVyrle Spencer. Agatha was the picture of primness and propriety, but her green eyes could blaze with anger—or sparkle with humor. Scott was the picture of lazy charm and happy indifference to what others thought was right and wrong. They were enemies, then friends. Then the sweet innocence of a child opened their eyes and their hearts—and they were reborn in each other's arms by the soft, wondrous gift of love. A story of honesty and humor for anyone who has ever lived and loved from New York Times bestselling author LaVyrle Spencer
