2008-10-01 Upon publication of her 'field manual,' The Origins of Totalitarianism, in 1951, Hannah Arendt immediately gained recognition as a major political analyst. Over the next twenty-five years, she wrote ten more books and developed a set of ideas that profoundly influenced the way America and Europe addressed the central questions and dilemmas of World War II. In this concise

book, Elisabeth Young-Bruehl introduces her mentor's work to twenty-first-century readers. Arendt's ideas, as much today as in her own lifetime, illuminate those issues that perplex us, such as totalitarianism, terrorism, globalization, war, and 'radical evil.' Elisabeth Young-Bruehl, who was Arendt's doctoral student in the early 1970s and who wrote the definitive biography of her mentor in 1982, now revisits Arendt's major works and seminal ideas. Young-Bruehl considers what Arendt's analysis of the totalitarianism of Nazi Germany and the Stalinist Soviet Union can teach us about our own times, and how her revolutionary understanding of political action is connected to forgiveness and making promises for the future. The author also discusses The Life of the Mind, Arendt's unfinished meditation on how to think about thinking. Placed in the context of today's political landscape, Arendt's ideas take on a new immediacy and importance. They require our attention, Young-Bruehl shows, and continue to bring fresh truths to light. Over the next twenty five years she wrote ten more books and developed a set of ideas that profoundly influenced the way America and Europe addressed the central questions and dilemmas of World War II In this concise book Elisabeth Young

2024-02 Fairies Afield is a children's fantasy story written by Mary Louisa Molesworth, a well-known English children's author in the late nineteenth and early twentieth century. The book, published in 1902, is part of Molesworth's wide body of work, which includes a number of novels and stories for children. The story follows two siblings, Tottie and Tittie, as they go on a fantastic journey into the world of fairies. The children discover a secret road in the woods that leads them to the world of the fairies, where they meet a variety of wonderful creatures and participate in quirky and enchanting adventures. The kids become friends with fairies, elves, and other mystical creatures as they explore this magical realm. Like children's books from the Victorian and Edwardian eras, the story is full with endearing moments and soft moral messages. The narratives of Molesworth highlight kindness, amazement, and inventiveness. Fairies Afield perfectly encapsulates the essence of beloved children's books with its themes of friendship, magic, and youthful innocence. For those who appreciate classic stories of magic and adventure, the novel is still enjoyable. Fairies Afield perfectly encapsulates the essence of beloved children's books with its themes of friendship, magic, and youthful innocence. For those who

appreciate classic stories of magic and adventure the novel is still enjoyable

2005 Many observers judge utopians and their sympathizers as foolhardy dreamers at best and murderous totalitarians at worst. However, as noted social critic and historian Russell Jacoby argues, not only has utopianism been unfairly characterized, a return to an iconoclastic utopian spirit is vital for today's society. Jacoby reexamines the anti-utopian mindset and identifies how utopian thought came to be regarded with such suspicion. He challenges standard readings of such anti-utopian classics as 1984 and Brave New World and offers stinging critiques of the influential liberal and anti-utopian theorists Hannah Arendt, Isaiah Berlin, and Karl Popper. As Jacoby demonstrates, iconoclastic utopianism, shaped by the works of Theodor Adorno, Walter Benjamin, Ernst Bloch, Gustav Landauer, and other predominantly Jewish thinkers, revives society's dormant political imagination and suggests new and more imaginative ideas of the future. As Jacoby demonstrates iconoclastic utopianism shaped by the works of Theodor Adorno, Walter Benjamin, Ernst Bloch, Gustav Landauer and other predominantly Jewish thinkers revives society's dormant political imagination and suggests new
