2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? The Dare is an 18+ erotic romance novella and a prequel to the Losers Duet. Reader discretion is strongly advised.

2003 Man Ray (1890-1976) has long been considered one of the most versatile and innovative artists of the twentieth century. As a painter, writer, sculptor, photographer, and filmmaker, he is best known for his intimate association with the French Surrealist group in Paris during the 1920s and 1930s, particularly for his highly inventive and unconventional photographic images. These remarkable accomplishments, however, have tended to overshadow the importance of his earlier work--significant not only for comprehending Man Ray's future artistic development, but also for fleshing out our understanding of the visual arts in America during one of the most important and crucial phases of the evolution of modernism. The book, and the exhibition for which this work will serve as the catalog, concentrate on Man Ray's production from 1907 to 1917. Conversion to Modernism will be the first comprehensive, fully illustrated work to examine this artist's seminal years. The show and the catalog begin with Man Ray's high school years in Brooklyn, his studies at the Art Students League and the

American Academy in New York, and the time he spent in life drawing classes at the more progressive Ferrer Center. From 1913 to 1915, Man Ray lived in a small artists' colony in Grantwood, New Jersey. It was here, studying with Samuel Halpert (a former student of Matisse), that Man Ray began to become the artist we know today. The last section of the show and of the book include recently discovered photographs and other works that are influenced by a knowledge of the emergent Dada movement. Here is Man Ray in recognizable form just before he leaves the country for France in 1921. This exhibit will first be on display at the Montclair Art Museum from January 26 through March 2003. It will then travel to museums in Athens, Georgia, Philadelphia, and Chicago. The book and the exhibition for which this work will serve as the catalog concentrate on Man Ray's production from 1907 to 1917.

2002 In *Potential Images* Dario Gamboni explores ambiguity in modern art, considering images that rely to a great degree on a projected or imaginative response from viewers to achieve their effect. Ambiguity became increasingly important in late 19th- and early 20th-century aesthetics, as is evidenced in works by such artists as Redon, Cezanne, Gauguin, Ensor and the Nabis. Similarly, the Cubists subverted traditional representational conventions, requiring their viewers to decipher images to extract their full meanings. The same device was taken up in the various experiments leading to abstraction. For example, it was Kandinsky's intention that his work could be interpreted

in both figurative and non-figurative ways, and Duchamp's Readymades suggested the radical conclusion that 'it is the beholder who makes the picture'. These invitations to viewers to participate in the process of artistic communication had social and political implications, as they accorded artist and beholder symmetrical, almost interchangeable, roles.
