Within the heart-wrenching expanse of this evocative examination, we shall embark upon an introspective exploration of the book is central themes, dissect their fascinating publishing model,

and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.

2017-07-05 The first book in English on Maruja Mallo, this volume is an insightful examination of the life and work of this seminal artist of the Spanish avant-garde. Previously sidelined by a culture that treated women as insider-outsiders and by her own mythmaking, Mallo no longer can be viewed as simply a muse to famous counterparts such as Salvador Dal?nd Federico Garc?Lorca; her role has been re-contextualized to demonstrate that she was a driving force in the flowering of Spanish culture through the 1920s and 1930s. The analysis of Mallo's unique life and extraordinary art is set against the complicated social and political backdrop of interwar Madrid. This book highlights the struggle of Mallo and other women artists

against the rampant misogyny of both Spanish culture and the avant-garde community of the time. The effects of the Spanish Civil War are also analyzed-in Mallo's case, Franco's victory forced her into exile in South America for almost 30 years, with profound effects on her art and her life. Added to this rich context, the author's numerous interviews with members of the Mallo family provide essential new background material. Maruja Mallo and the Spanish Avant-Garde recasts this artist as a vital figure in the heretofore all-male establishment of the Spanish artistic vanguard. The first book in English on Maruja Mallo this volume is an insightful examination of the life and work of this seminal artist of the Spanish avant garde

2013-11-07 The Historical Dictionary of Japan to 1945 spans the entire period from the earliest evidence of human habitation in Japan through to the end of the Pacific War. It includes substantial topics such as cultural and literary history, with entries ranging from aesthetics to various genres of writing. Other branches of history also feature, such as economic history, industrial history, political history, and so forth. And of course there are the makers of Japanese history, ranging from emperors and shoguns to politicians and extremists - as well as foreign arrivals. The early history of Japan is told through a detailed chronology, an introductory essay, appendixes, an extensive bibliography, and over 800 cross-referenced dictionary entries

on important people, organizations, activities, and events. The Historical Dictionary of Japan to 1945 will appeal to both academics and the general public who have an interest in Japan, particularly those who want reliable information quickly and easily. The Historical Dictionary of Japan to 1945 spans the entire period from the earliest evidence of human habitation in Japan through to the end of the Pacific War

2013-01-20 An illustrated account of one of the most important campaigns in the history of Japan and the origin of the kamikaze - a key part of Japanese national identity. From his seat in Xanadu, the great Mongol Emperor of China, Kubla Khan, had long plotted an invasion of Japan. However, it was only with the acquisition of Korea, that the Khan gained the maritime resources necessary for such a major amphibious operation. Written by expert Stephen Turnbull, this book tells the story of the two Mongol invasions of Japan against the noble

Samurai. Using detailed maps, illustrations, and newly commissioned artwork, Turnbull charts the history of these great campaigns, which included numerous bloody raids on the Japanese islands, and ended with the famous kami kaze, the divine wind, that destroyed the Mongol fleet and would live in the Japanese consciousness and shape their military thinking for centuries to come. Written by expert Stephen Turnbull this book tells the story of the two Mongol invasions of Japan against the noble Samurai

2000 This new interdisciplinary study argues that the late-nineteenth-century Spanish realist novel not only documents but also forms part of the contemporary nation-formation process. Drawing on a wide range of recent cultural theory from largely English- and French-language sources, it relates their insights to contemporary Spanish debates in the fields of economics, politics, medicine and town planning, showing that the cultural anxieties dominant in other western nations at the time found acute expression in Spain precisely because of the imperfect nature of the modernization process. In particular the book studies the ways in which women function in canonical Spanish realist texts as a cipher for anxieties about modernization, and especially about its conversion of reality

into representation. the consequence is an intense self-reflexivity which mirrors contemporary critiques of flawed systems of monetary and political representation, as well as the emphasis by social reformers on self-making. This interdisciplinary study argues that the late 19th century Spanish realist novel not only documents but also forms part of the contemporary nation formation process

2011-01-01 Late nineteenth-century Spanish fiction is populated by adulteresses, prostitutes, seduced women, and emasculated men - indicating an almost obsessive interest in gender deviance. In *Marginal Subjects*, Akiko Tsuchiya shows how the figure of the deviant woman--and her counterpart, the feminized man - revealed the ambivalence of literary writers towards new methods of social control in Restoration Spain. Focusing on works by major realist authors such as Benito Pérez Galdós, Emilia Pardo Bazán, and Leopoldo Alas (Clarín), as well as popular novelists like Eduardo López Bago, *Marginal Subjects* argues that these archetypes were used to channel collective anxieties about sexuality, class, race, and nation. Tsuchiya also draws on medical and anthropological texts and illustrated periodicals to locate literary works within larger cultural debates. *Marginal Subjects* is a riveting exploration of why realist and naturalist narratives were so invested in representing gender deviance in fin-de-siècle

Spain. In *Marginal Subjects* Akiko Tsuchiya shows how the figure of the deviant woman and her counterpart the feminized man revealed the ambivalence of literary writers towards new methods of social control in Restoration Spain

1996-01-01 Lalvani argues that modernity represents the powerful privileging of vision and the introduction of a paradigm of seeing that is historically distinctive. Taking the introduction of photography in the nineteenth century as a crucial development in the expansion of modern vision, he draws on the writings of Alan Sekula, John Tagg, Jonathan Crary, Norman Bryson and Martin Jay to examine in a comprehensive manner how photography functioned to organize a set of relations between knowledge, power, and the body. However, in taking a broad cultural studies approach Lalvani situates the practices of photography within the larger visual order of the nineteenth century. He demonstrates how the new lines of visibility formed not only by photography but by new urban spaces and new modes of transportation resulted in a particular organizing of the social order, of subjectivity and social relations. Lalvani argues that modernity represents the powerful privileging of vision and the introduction of a paradigm of seeing that is historically distinctive
