2014-08-19 Publication of Gezer VI: The Objects from Phases I and II (1964-1974) continues the presentation of archaeological reports on the Hebrew Union College-Harvard Semitic Museum Excavations at Gezer between 1964 and 1974 as part of the Nelson Glueck School of Biblical Archaeology

Annual Series. With the exception of objects previously published in Gezer V, Gezer VI provides a comprehensive database with listings of all of the objects recovered during both the Phase I (1968-1971) and Phase II (1971-1974) HUC excavations at the site. In addition, the volume offers a summary of the stratigraphic history of Tell Gezer and includes a series of plates illustrating a large sample of the finds sorted by type and strata. Provided also are a series of comparative studies of the major material and type groupings of the object repertoire. 2018-11-29 Solid Waste Landfilling:
Concepts, Processes, Technology provides
information on technologies that promote
stabilization and minimize environmental
impacts in landfills. As the main challenges in
waste management are the reduction and
proper treatment of waste and the
appropriate use of waste streams, the book
satisfies the needs of a modern landfill,
covering waste pre-treatment, in situ
treatment, long-term behavior, closure,
aftercare, environmental impact and
sustainability. It is written for practitioners
who need specific information on landfill
construction and operation, but is also ideal
for those concerned about the possible
return of these sites to landscapes and their
subsequent uses for future generations. -
Includes input by international contributors
from a vast number of disciplines - Provides
worldwide approaches and technologies -
Showcases the interdisciplinary nature of the
topic - Focuses on sustainability, covering
the lifecycle of landfills under the concept of
minimizing environmental impact - Presents
knowledge of the legal framework and
economic aspects of landfilling L 3059 237

2000-05-01 Like literature and art, music has 'works'. But not every piece of music is called a work, and not every musical performance is made up of works. The complexities of this situation are explored in these essays, which examine a broad swathe of western music. From plainsong to the symphony, from Duke Ellington to the Beatles, this is at root an investigation into how our minds parcel up the music that we create and hear. But not every piece of music is called a work and not every musical performance is made up of works The complexities of this situation are explored in these essays which examine a broad swathe

of western music
